## **Notice**

### **Regarding a correction of misprints concerning the Final Terms**

of the up to **EUR 7,500,000.- 4.50 % PV-Invest Green Bond 2020-2030**; ISIN AT0000A2KRG6  
and

of the up to **EUR 7,500,000.- 3.50 % PV-Invest Green Bond 2020-2025**; ISIN AT0000A2KRF8

under the **Base Prospectus of the Offer Programme of PV-Invest GmbH dated 21 October 2020** as approved by the Luxembourg Financial Market Authority CSSF and published on the website of the Issuer at [www.pv-invest.com](http://www.pv-invest.com) as well as on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)).

On 4 November 2020, the Issuer filed the Final Terms of its up to EUR 7,500,000.00 4.50 % PV-Invest Green Bond 2020-2030, ISIN AT0000A2KRG6, and its up to EUR 7,500,000.00 3.50 % PV-Invest Green Bond 2020-2025, ISIN AT0000A2KRF8 (the "**Final Terms**"), with the competent Luxembourg financial market authority CSSF and published them on the website of the Issuer at [www.pv-invest.com](http://www.pv-invest.com).

While in both Final Terms, in particular in the Note Terms, the total issue volume is correctly stated as EUR 7,500,000.00 throughout, due to an obvious typographical error on page 2 of the Final Terms under "*Total Nominal Amount/Offer volume*", this volume was stated as EUR 7,500.00.00 in each case.

Total Nominal Amount and denomination	
<i>Total Nominal Amount/Offer volume</i>	EUR 7,500.00

The Issuer has corrected this obvious incorrectness, which is not a material incorrectness due to its obviousness, in both Final Terms.
